## Group activity sheet

Cut out the job descriptions below, and stick them on the following sheet to match up with the correct job titles.

### What do I do?

I help children feel better during an illness and support parents/carers who are struggling with seeing their child unwell.

### What qualities do I need to do my job?

1. Being a good listener
2. Making people feel comfortable
3. Can complete many tasks in a short space of time

Richard

### What do I do?

I help to make sure that patients, staff and visitors in the hospital are eating healthy, nutritious and most importantly, tasty meals.

### What qualities do I need to do my job?

1. A love for cooking
2. Able to provide good customer service
3. Able to work well in busy environments

Juanita

### What do I do?

I work with people who struggle with their mental health and find ways to help them, such as talking with them or prescribing medication.

### What qualities do I need to do my job?

1. Able to lead a team
2. Have a calm personality
3. Be interested in people and the way they think

Andrew

### What do I do?

I help people who have had injuries and illnesses that have affected their movement, and create special exercises to help them get better.

### What qualities do I need to do my job?

1. Able to motivate people
2. Able to make people feel better when nervous
3. Willing to be hands-on with patients

Peter

### What do I do?

I drive a specially designed ambulance that drives patients to hospitals, clinics or home.

### What qualities do I need to do my job?

1. A love for driving
2. Able to navigate an area using sat navs or maps
3. Good customer service skills

Tyiba

### What do I do?

I help people understand how things such as smoking and exercise can impact their health. I then help them improve their health so they can be as happy and healthy as possible.

### What qualities do I need to do my job?

1. Caring about people's health
2. Have a positive attitude
3. Good at teaching people new skills

Vanessa

### What do I do?

I work hard to make sure the hospital ward is clean and safe, that patients' beds are properly made, and they have everything they need.

### What qualities do I need to do my job?

1. Being friendly with others
2. Physically active to move, lift, and clean
3. Being organised and knowing when to replace supplies

Oscar

### What do I do?

I use high-tech medical equipment, such as a microscope, to test patients' blood and check for any diseases or other things going wrong in the body.

### What qualities do I need to do my job?

1. Enjoy science and laboratory work
2. Not easily distracted
3. Good at communicating

Leanne

### What do I do?

I treat people who have foot and leg problems. I am trained to spot any issues early to prevent patients from becoming very unwell.

### What qualities do I need to do my job?

1. Happy touching other people's feet
2. Able to communicate well with others
3. Happy to work in a team or alone

Kerry

### What do I do?

I help people who have problems with their eyes, such as squints or double vision. I treat people by prescribing eye patches, glasses or showing them eye exercises.

### What qualities do I need to do my job?

1. Interested in science
2. Willing to work alone or in a team
3. Able to communicate with adults or children

Teniola
